

Dear Friends in Japan,

I hope all are doing well in this difficult period of time.

I was very much looking forward to visiting Japan this month and play my music for you and all, but, this didn't come true this time because of the COVID-19.

I feel very sorry about this, but, I do hope that we overcome this infection, visit Japan next year and can share the music with you all.

Please keep healthy and have a wonderful holiday season.

Richard Galliano
